Oinoxeneia - Landscapes and tastes of Aigialeia

17-27 August 2017

“The colors of taste”

Aigialeia is dressed up, wearing **white**, **rosé** and **red** colors!

It pairs fine local wines with flavors and viands of the local cuisine, offering a joyful and delightful experience in its beautiful landscapes.

«**The colors of flavor**» is the theme of «Oinoxeneia 2017».

Our journey is full of beautiful surprises!

Flavour balancing guided by wine | Artistic events | Events in wineries | Tours in vineyards | Wine tasting | Explorations | Exhibitions | Concerts

This year's Oinoxeneia will be an opportunity to explore the harmony of tastes in a land which uniquely combines nature with people, tradition with culture, long history with the present day and sea with fir!

A land praised by **Pausanias** (Greek traveller and geographer of the 2nd century AD) for its vineyards and by **Alexander Payne** (Academy award winner director) “International ambassador of Aigialeia's wines”, for its wines and hospitality.

A land with flavor complexity and long aftertaste!

Oinoxeneia is organized for the 5th year by DI.K.EP.A. - Municipal Welfare Business of Aigialeia and is one of the most important wine tourism festivities in the country.

Protagonists and conjoiners of all the events are the fine local wines and wineries of the Oinoxeneia network.

This year accessing Aigialeia will be quicker and safer via the new Olympia Odos highway. You are all invited to enjoy the journey through the Wine Roads of Aigialeia, living the **Oinoxeneia experience!**

a **multidimensional festival** organized on the second half of August in Aigialeia, Peloponnese, Greece,

a **celebration** of the unique local wines and vineyards, combined with the local gastronomy, geomorphology and cultural identity of Aigialeia,

a **tool** aiming to create a new wine tourism destination, bringing together different threads of winery, culture, gastronomy and local identity,

a **glimpse** of aromas and hospitality of the area,

a **portmanteau word** that expresses the meaning and purpose of the festival, a linguistic blending of the words oinos (wine) and the suffix -xeneia, which refers to the Greek notion of filoxeneia (hospitality).
